CLINIC**

Caring deeply for your skin
to achieve enduring results

The source of skin confidence

We've gathered knowledge through practice and experience; trialling techniques, machine technology and products. We've worked with every skin type and most challenges. We'll listen closely and work with you to bring you a unique skincare programme that builds your skin-confidence.

Begin your journey

A personal consultation to help us understand you, your lifestyle and regime, is the first step we take together on your skin confidence journey.

This equips our advanced aestheticians with the source knowledge to offer you expert advice and create a bespoke treatment programme individually tailored to your needs.

30 minutes **£34**

Observe Skin Analysis

Observe is an advanced skin scanner that captures digital photographs of our client's skin.

Using eight different light settings, we can detect a host of skin concerns before they can be seen by the human eye giving us the opportunity to offer pre-emptive skin care solutions before problems arise.

45 minutes **£55**

Facials

The Source Facial

Peels

AlumierMD Peels are the next generation of clinical exfoliation.

Our peels use a unique combination of ingredients which allows us to customise treatments and target specific skin concerns; revealing a radiant, soft and luminous skin. Consultation required prior to appointment.

Alumier POWER + Peel

Using lactic and salicylic acid, this medical grade peel can target uneven skin tone, minimise lines and wrinkles and pigmentation.

It can also be used to treat acne breakouts, scarring and redness in the skin.

30 minutes **£133**

Alumier Radiance Peel

This superficial peel will brighten and tighten the skin.

The ingredients will help to exfoliate dead skin cells, speed up cell turnover and stimulate collagen.

30 minutes **£105**

ReModel

Using radio frequency technology to stimulate collagen and elastin regeneration which creates a stronger and firmer dermal tissue. This non-invasive treatment helps to improve elasticity and tone while subtly lifting eyes, cheeks, jowls and neck.

Full Face **£175** | Course of 6 **£875**

Rejuvenation

ReBright

IPL technology allows us to target thread veins, redness and or pigmentation and sundamage. The treatment stimulates collagen regeneration to reduce fine lines and even the tone of

the skin. Patch test required £45
